

# BRD

scoring system  
for pre-weaned  
dairy calves

Early detection and treatment can reduce the impact of BRD on your calves - make use of this handy scoring system (also available as an app) to help identify BRD

Clinical sign	Score if normal	Score if abnormal (any severity)
Eye discharge	0 	2  OR  OR 
Nasal discharge	0 	4  OR  OR 
Ear droop or head tilt	0 	5  OR  OR 
Cough	0 No cough	2 SPONTANEOUS COUGH
Breathing	0 Normal	2 RAPID OR DIFFICULT BREATHING
Temperature	0 <39.2°C	2 ≥39.2°C

Add scores for all clinical signs,  
if total score is  $\geq 5$ , calf may  
be positive for BRD

Discuss the best  
treatments for your  
calves with your vet
